### C. Comments to the authors (You may use another sheet of paper.)

Settlement of questions in the network can be sought after through a few components including through the methods for discipline (through the legal executive) and non-punitive methods with a regulating approach in particular, yet in addition through the humanism of law approach. Lawful humanism offers a few ideas to determine questions, remembering debates for the races in Lampung.

Law as a device to change society, that is, the law can be a specialist of progress or a pioneer of progress in an individual or gathering of individuals who get the trust of the network as the pioneer of at least one social organizations. This feeling is routed to each gathering to the debate to have the option to sit together to determine neighborhood political race clashes and the individuals or establishments included comprise of each gathering from the contender for representative, pioneer of the gathering bearing the competitor, nearby government, KPU and a few strict, custom pioneers, legislators, lawful experts and scholastics can sit together in settling local political race questions with a success win arrangement, it implies that it very well may be settled through a sociological way to deal with law that doesn't resolve by taking the regulating course, through the legal executive.

Law as a methods for directing conduct or usually called social building. Law is a methods planned to change individuals' conduct. At that point what is implied by a job is an arrangement of decides that contains measures of conduct in places of people or gatherings holding jobs (rule accupant) and conduct. This announcement can be comprehended that there must be an ability from all gatherings to organize a decent conduct by making nearby knowledge and standard and social qualities an a dependable balance in settling debates and it very well may be applied in the contest goals of the Lampung Province decisions.
