Dear Editor in-Chief Periodico Tche Quimica

We have just submitted our manuscript entitled "Attitude Towards Technology For Pre-Service Science Teachers In Indonesia: An Exploratory Factor Analysis" with authors Undang Rosidin, Ruhban Maskur, Nina Kadaritna, Andrian Saputra for consideration of publication in The Periodico Tche Quimica.

The manuscript discussed about factor components of attitude towards technology and its structural validation using exploratory factor analysis technique. Moreover, degree of attitude or preference level of attitude and interrelationships among factors are also explored to understand which factors determined the overall attitude.

Finally, we hope our manuscript is useful for the journal readers and could be published in November issue of the journal. If there are things you want to ask, please do not hesitate to ask me and I will be happy to assist you.
