General Comments	I enjoyed reading this interesting manuscript! I think this manuscript has merit to be published, but in its present state, it is very difficult to understand the intent and meaning in each sentence due to grammar. I recommend that the authors acquire an English editor to help with the entire manuscript's grammar and vocabulary.
Advantage & Disadvantage	Advantage: Topic is interesting. Disadvantage: The grammar requires significant revising, it is very difficult to understand what the author is trying to say.
How to improve	1. The entire manuscript requires an English editor to help with the grammar. 2. Correct authors' data, following this template: Highest academic, department, university, state, country. Email: xxxxxxxxxxxxxxxxx Correct abstract Follow this template:

### Abstract

Online-based transportation is one of innovational features to support human life. It invades throughout the world, including Indonesia. Therefore, this development requires a serious concern to regulate its operation. As Indonesian Government assigned transportation law, online-based transportation also required law affirmation. However, the law and regulation sometimes emerges disputes that affects human life. This study aimed to examine alternative dispute resolution by local governments in Indonesia regarding online and conventional transportation in sociological perspective. The research used an empirical approach and elaborated by descriptive analysis. The results showed that disputes regarding online and conventional transportation fairly resolved and resulted some implied-effects, such as; it proved effectiveness of local government, improved economic development and minimized conflict.
