Dear Dr. Agus Pahrudin,

Please see the attached file as the third round corrections.

PS. As you may remember, we asked you to cite our journal in your article before in order to increase our impact factor. However, we have now seen that we have achieved the impact value we wanted in Scopus and we gladly saw that our citation count exceeded the desired limit value. As the journal management, we have decided not to cite our journal in the articles published in our journal since the next issues. In this case, we request that you do not cite our journal in your article and delete the citations and references related our journal. I am sorry about the inconsistency.

We are looking forward to getting your revised paper until 28th February 2021.

Best regards,
