ABSTRACT

Reading is one of language skill that should be mastered by the students, in reading the text we can find information, knowledge that we never know before. The students reading comprehension at SMP N 22 Bandar Lampung is still under average especially in narrative text. To solve the problem, the researcher apply Somebody Wanted But So strategy. Somebody Wanted But So strategy is one of good strategy that can implement by students as individual or group. The objective of this research is to know whether there is significant influence using Somebody Wanted But So strategy towards students' reading comprehension on narrative text at eight grade of SMP N 22 Bandar Lampung.

In this research, the researcher used quantitative research. The researcher used quasi experimental design with pre test and post test. The sample was taken from two classes, VIII B and VIII F which consisted 60 students. The treatment was held in 3 meetings, 2 x 40 minutes for each. The population of this research was the eighth grade of SMPN 22 Bandar Lampung. In collecting the data the researcher used instrument in the form multiple choice test. After administering pre test and post test, the researcher analyzed the data which were normal distribution and homogeneous by using SPSS to compute independent sample t-test.

From the data analysis computed by using SPSS, it was obtained that $\text{Sig.} = 0.027$ and $\alpha = 0.05$. It means that H_a is accepted because $\text{Sig.} < \alpha = 0.027 < \alpha 0.05$ in other words, there was influence of using Somebody Wanted But So strategy toward students' reading comprehension on narrative text at the eighth grade at SMPN 22 Bandar Lampung.
